Laurel Hall

Laurel Hall sits back in the woods and is our largest facility. Laurel Hall can sleep up to 54 people, 52 in bunk beds and two in a private double bed. Use of Laurel Hall includes use of two meeting rooms. The upper level meeting room is large with a small kitchenette off to the side. Upstairs rooms share bathrooms at the end of the hall; downstairs rooms each have their own.

The Cabins

Three cabins are available for your use. Cabin 1 is fully divided in half. One side is an “efficiency cabin,” complete with its own bathroom, refrigerator, microwave, and couch. The “efficiency cabin” sleeps two. The other side of Cabin 1 sleeps four, in two rooms, with a shared bathroom. Cabins 3 and 4 sleep 12 each. Each side of these cabins has its own restroom.

Main Lodge

The Main Lodge is our most affordable housing option. Two large rooms in the lower level serve as “barracks style” accommodations with shared bathrooms. The Main Lodge can sleep up to 36 individuals in bunk beds. Use of the Main Lodge lower level includes use of the lower level meeting room. This meeting room has a wood-burning fireplace for your use, with wood provided.

Jordan Lodge

Jordan Lodge is an ideal self-contained facility for smaller retreats, or in conjunction with one or more of our cabins. Jordan Lodge sleeps 13 in a variety of styles: eight in bunk beds (twin over double beds), three in single beds, and two in a double bed. It has its own kitchen, and is the only facility in which you can cook your own meals. Jordan Lodge has a large porch with a swing.
